NOTES

- Designed by architects Manzoni and Tapinassi, Fidelio is an innovative sofa, offering extreme comfort.
- Boasting superior structure and optional high-tech relax systems, Fidelio's feature armrests are embellished by "pinched" piping and held in a metal frame which defines the outline of the sofa.
- Available with Soft Touch mechanism that changes the seat and back cushion position with a simple tap.
- The model has internal soft touch buttons on the seat to activate the mechanism.
- Model has power combined headrest. ATTENTION! The headrest opens first followed by the footrest; then the headrest has one final extra rotation for comfortable TV watching position.
- Thanks to ZeroWall mechanism, seat and back cushions can be reclined at a great length without moving sofa away from the wall.
- Adjustable headrest on all versions.
- Stationary versions have manually adjustable headrests.
- Version 560, a three seater sofa where each seat has its own electric mechanism.
- Versions Axx-Cxx-Dxx-Exx are available with rechargeable battery pack. There is a power cord outlet with a finish grommet on the lower back of the sofa rather than the bottom. This design is such to allow for easy plug and unplug action for charging.
- Model also available with thick leather with model code Sxxx (Art. Cassidy and Misterbianco).
- Seat cushion includes a layer of memory foam, a pressure-sensitive soft polyurethane, that recovers its form completely thus giving great comfort.

## NOTES

---

- Tight Seat Cushion (the seat cushions of the models are fixed to the frame)
- Tight Back Cushion (the back cushions of the models are fixed to the frame)
- Internal wooden frame
- With Feet Assembled (the model will be loaded with feet already mounted on the sofa)
- Cardboard Wrap
- Feet available in metal finishings 75 (Glazed Nickel) / 78 (Black Chrome)
- Feet height 11,0 cm
